SDSC Researchers Team with UNICEF for Liberian Schools Project (/articles/sdsc-researchers-team-with-unicef-for-liberian-schools-project)

The United Nations Children's Fund (UNICEF) has been working with researchers at the San Diego Supercomputer Center (SDSC) and other parts of UC San Diego to determine the location of existing Liberian schools to provide them with resources and...

Researchers limit experimental Free Will to fake Quantum Entanglement (/articles/researchers-limit-experimental-free-will-to-fake-quantum-entanglement)

Researchers derived a new set of modified Bell inequalities that apply to cases in which either or both experimenters have only limited freedom to select measurements. They constructed local realist models that mimicked predictions of quantum theory...

About

by@binghamtnu ()

About UC San Diego

At the University of California San Diego, we constantly push boundaries and challenge expectations. Established in 1960, UC San Diego has been shaped by exceptional scholars who aren't afraid to take risks and redefine conventional wisdom. Today, as one of the top 15 research universities in the world, we are driving innovation
